### **URICH WINS**

The Locals Had an Off Day and the Visitors Had Little Trouble Winning Sunday's Game.

The Butler ball team lost a poorly played game to Urich Sunday afternoon by a score of 4 to 0. The home boys were badly off their stride and the Urich boys by taking advantage of every misplay of their adversaries worked four runs across which were enough. It was an unlucky day for the locals. They started off like winthe locals. They started off like win-ners, getting two hits in both the first and second innings, but double plays killed their hopes and they never had another chance. Kersh-ner, who was in the box for Butler, looks good. He let his opponents down with four hits and demonstrated that he was a good fielder by getting seven assists...

Urich's first run came in the third inning. Fisher singled and went to second when a wild pitch got away from Luscombe; was sacrificed to third by Determining the sacrificed to the country court and the sacrification of the district was amended by order of the country court and third by Peters and scored on the boundary lines changed from the Steward's singic. ## Second Sales Day a Big Success.

The second sales day put on by the Butler merchants Wednesday was in every particular a success. Buyers were on hand as soon as the stores opened their doors in the morning ning far in excess of that proposed and the bargains advertised went fast. At the time of going to press it appeared that the day was a bigger success than the first one. Despite the heat and dust many drove from the most distant parts of the county and were well repaid as the bargains offered by the business men of the town were real bargains and not shopworn goods marked down.

The sales day seems to be an institution that has come to stay and it is planned to have at least one every month.

## Peddle Boose on Streets?

Jefferson City, July 24.—"I have reason to believe, said the Rev. W. C. Shupp of St. Louis, head of the state Anti-Saloon League, "that there are 150 illicit stills running in St. Louis County at this time. I am told competition has become so strong in that county as to reduce the price of bootleg products one-half.

"Reliable information comes to me that bootleggers peddle moonshine whisky on the streets of Valley Park after nightfall."
